(Write None or specify the agreement)

9. ALLOCATIONS:

Producer Representative Designee shall calculate condensate allocations and provide to Transporter for use in its distribution of volumes to those producer/shippers who hold ANR Transportation contracts.

10. IMBALANCES

The calculation of imbalances for liquefiabiles is based on the difference between actual PTR reported by the plant and ANR's measured volume at receipt points where PTR replacement nominations are made.

It is the intent of the parties that Transporter be compensated in full for any reduction in BTUs in the Gas stream delivered to a processing plant attributable to processing PTR, for Flash Gas quantities allocated to Shipper, and for the Dekatherm equivalent of PCR allocated to Shipper. "Compensation in full for any reduction in BTUs" shall mean that all

PTR, PCR, or Flash Gas allocated to a Shipper shall be replaced by the Shipper or the corresponding plant in accordance with contractual obligations. Any losses that were not replaced within the month shall be cashed out in accordance with Section 6.15 of Transporter's Tariff.

Further, it is the intent of the parties that persons or entities use reasonable best efforts to minimize any daily imbalance by replacing PTR, PCR and Flash Gas quantities on a daily basis and when imbalances occur to resolve such imbalances as soon as practical during such month. When Shipper is advised by Transporter by EBB, e-mail or Fax to adjust nominations in order to resolve imbalances, Shipper will immediately comply with Transporter's request. "Immediately comply" shall mean an adjustment of Shipper's nominations, provision of an explanation as to why it cannot comply, or provision of Shipper's good faith explanation that plant conditions warrant no change pursuant to the notice provided to Shipper by Transporter. If Transporter finds the explanation unacceptable, Transporter will inform Shipper of such and Shipper shall have until the next available nomination cycle to adjust nominations or the resultant cashout imbalances will be subject to tiering in accordance with the Cashout provisions in Section 6.15 of Transporter's Tariff.

Provided that Shipper exercises reasonable best efforts to minimize daily imbalances as provided above, Transporter will waive daily and monthly scheduling penalties and monthly imbalances will be settled pursuant to Section 6.15 of Transporter's Tariff or such other written procedures as agreed to by Shipper and Transporter.
